1	8:30-8:40 Introductions & Agenda				

		Changes should bring better control of temperature. Students and staff should call engineering if there are any problems.			
3d	Transportation	<ul style="list-style-type: none"> • Bike Lab advocacy committee starting to look at cycling infrastructure in and around campus. Want to address some of the more problematic intersections for cyclists. Andree is on a committee with the city working on exactly this issue. Bike Lab was extremely busy this summer, 7 new mechanics are being trained. • Police auction could possibly donate left-over bikes to Bike Lab who could then help retrofit them for the community. Storage is a problem, but there are some initiatives started. 	Continue to track and report on actions that you are championing.	All.	Next meeting.
3e	Academics	<ul style="list-style-type: none"> • Student is being hired for a work-study position to take an inventory of our sustainability courses. Hope is to have a draft ready by January. Will definitely be ready by registration season next year. Feedback from students would be valuable, should have a student on the committee. • **Courses should be cross-listed with departments that apply to them!! i.e. Environmental business classes should be listed with environment and business. 	Continue to track and report on actions that you are championing.	All.	Next meeting.
3f	Finance, Governance & Admin	<ul style="list-style-type: none"> • No questions/comments. 	Continue to track and report on actions that you are 10: arll. championing.	All.	Next meeting.
